

SSA1 (clear lense), SSA2 (red lense), is a wireless Siren / Strobe Alarm Module introduced by FortrezZ, LLC. It is utilizing Z-Wave™Wireless Technology allowing for simple integration into the Z-Wave™Wireless Home Automation and Control Systems.

- O Intended for use as part of a Z-Wave™Home Automation Network.
- O SSA will emit a loud audible alarm >110dB@1m and an intense strobe light when an alarm signal is received from a device in the Z-Wave™Home Network.
- SSA is fully programmable with Z-Wave™Smart Controllers to provide audible and visual alarm based on your Home Automation and/or Security Network settings.
- Uses the latest and most successful Wireless Home Automation technology.
- O "Speaks Z-Wave™" and as a Z-Wave™Certified product allows for full operation with other Z-Wave™enabled devices.
 - Extends the range of existing Z-Wave[™] devices in the mesh network by acting as a repeater.
 - O Can be used in an existing Home Security System with generic Z-Wave™to RS232 bridge.

SPECIFICATIONS:

• FCC and Canada IC certified for 908.4 MHz Z-Wave™RF communications.

• Complies with European Test Standard: ETSI EN 300 220 for 868.4MHz Z-Wave™RF communications.

• Dimension: 3.5" diameter x 1.25" (90mm diameter x 34mm)

• Power: 12V DC adaptor (included); 9V backup battery (not included)

• Frequency Range: 908.42MHz (US); 868.4MHz (EU)

• Range of Operation: Max. 100ft line of sight in unobstructed environment

• Product Weight: 0.5 lb

• Operating Temperature: -10 C°(14F) to +70 C°(158F)

System Requirement: any Z-Wave™enabled network and controller
Installation: with two screws using the included mounting plate
